***Total Number of students for the month of September and October at 4 Schools: 667/455**

- All our teaching staff have remained consistent over the past two months.
- The monsoon rains have affected the attendance of some of our students, however, this happens yearly.
- Juliana visited Kok Beng school for 3 weeks, and she was able to give our teachers some expert training. Mr Oudorm and Mr Sam Nang were very appreciative and learnt a lot. They are now putting this knowledge into place.

- Mrs Glenda Salter, a retired committee member after 10 years, revisited Kok Beng school. She found that the children had improved a lot and in particular the senior class. Their reading ability was at a high standard, she thought exceptional and ability to understand. She delivered gifts to the children and their teachers.

- State school will have a short vacation for 10 days at the end of November, but GC schools will be opening as normal. The new academic year study for students who study at state will start at the beginning of December after the vacation ends. All students who attend all GC schools will change their study time. Our teachers at each school will rearrange students or manage to have a quick interview with old and new students and put them at the correct level.
